Opening the Path to Education For Tomorrow's Leaders

Concerned Belizeans, Inc. supports the well-being of children in Belize through programs that directly address education, technology, literacy, self-esteem, self-sufficiency and independence for these children.

MISSION

Concerned Belizeans Inc. Organization mission is to assist and support Belizean and Belizean American children within Belize and the U. S by providing educational opportunities, mentoring and scholarships through a variety of programs which promote and develop self-esteem and self-sufficiency in conjunction with community involvement and empowerment.

Concerned Belizeans Inc. a nonprofit – 501C3 organization founded in 2007, welcomes contributors to all our programs. Your contribution allows you to become an affiliate and an advocate for our Belizean and Belizean American children, with your support we will be able to plan in advance for new programs and allotment for our school supplies, food and scholarship programs in Belize as well as scholarships here in the U. S.

The children we support are in dire need of all that we offer them. Many of these children are in single parent homes, one income homes or living with relatives or friends of their family who are in little better position to help provide for them. Many are in need of personal assistance which promotes good hygiene.

Concerned Belizeans Inc. welcomes new members who are serious about our mission and who care to make a difference in the lives of these children.

Application forms are available and may be acquired on our web site or by mail from a board member. Membership fee is \$20 a year. Additional materials are available for your information and to get you started in becoming a member.
